## Salvation Army Plans 2-Center Operation

Drive May 21, 1st in Local Corps' 47-Year History; Site Chosen

A capital fund drive to be launched Thursday evening, May 21, will enable the Salvation Army to serve the Quad-Cities through the existing center at 19th street and Grand avenue and also a new building to be constructed at 3251 Johnson road, it was announced today.

Richard West, lay advisory board president, said the annual meeting of the Quad-Cities Salvation Army will be combined with a citizens' dinner launching the local corps' first building fund campaign in its 47-year history.

Chairman of the May 21 dinner at Granite City high school, Mrs. Lily Chaboud, reported this morning that Dr. Merrill Ortwine of Edwardsville, who has been obtained as the principal speaker. He serves this district in the Illinois State.

President West's comments that "participants in the Salvation Army programs are exceeding their limited building space."

"Unable to expand the present facilities, the Army is for the first time appealing for community support to the construction of a large program services building, to be located on Johnson road."

"Plans call for a single-floor multipurpose building that will meet the program needs of today and tomorrow."

"The present building at 19th and Grand will be retained for the Corps' welfare programs, which include the annual 'tree of lights' Christmas giving."

"Estimated costs, including the land and building, are \$225,000." West told the press-Record. "But with gifts already received, the campaign goal will be only \$100,000."

"The Salvation Army's needs and campaign will be discussed at the dinner. It is our hope that they will find acceptance by the community and will be supported so that the Salvation Army can continue to provide meaningful service to our Quad-City area."

An office for the building fund campaign has been located at 1931 Edison avenue, Capt. and Mrs. Harold Thomas are the Corps' officers in charge and James Vaughn is a board at the building fund office to assist in the campaign.

National Salvation Army Week is being observed this week.

## Church Purchases Property Of Big G

1st Assembly of God Plans Activity Center With Gymnasium

The burned-out Big G supermarket property at 2329 Madison avenue was purchased Friday by the First Assembly of God Church and will be rebuilt as an activities building, possibly with a gymnasium.

Rev. Allen Greff, pastor, said the congregation raised \$25,000 in a week's time toward the \$100,000 purchase price for the property with 280-foot frontage on Madison avenue.

Members of the church have regularly used the supermarket parking lot while attending church services and sessions in their two buildings at 24th street and Grand avenue.

Members of the church plan a 14 development committee, headed by Watson Mercer, are in the process of developing plans for the structure. Engineering studies showed the walls to be intact. It is hoped the rebuilding can be started within a short time to have the structure under roof by next winter.

The church has a membership of 280, with communicant membership totaling 900. "We just need more space for our church activities and especially the youth activity," Rev. Greff said.

The youth group, he said, meets each Wednesday evening at 7:30 with 100 to 150 boys and girls. "We have no room for these activities under the direction of Charles Swick of the church staff."

The "young life" group, headed by David Wadlow, is for those of junior and senior high school and college ages.

Fire destroyed the supermarket on the night of Friday, March 13, with the loss estimated at \$300,000 to building and contents.

The church purchased the property from Allan L. and Edna L. Bostwick, B. F. and Lena L. Bostwick and Clay and Beata Hoskin.

Civil service positions in the academic affairs area are also frozen as of May 4.

The faculty position freeze could delay opening of the School of Dental Medicine which has been planning to admit its first freshman class in September 1971.

In a companion move, Chancellor Rendelman said he would ask the board of trustees, which meets on the new campus May 15, to approve limited enrollment at SIU-SW next fall to 12,500. Enrollment last September was 12,152.

If trustees approve the proposal, it will be the first time such a limitation has been enforced.

Partnership early in 1969 and was paid a flat \$10,000 by the present landfill operators.

He was required to accept the offer, he said, under a threat by the late Mayor Stephen Maeras of Madison to revoke the landfill lease and close the city-owned landfill.

Maeras said the city of Yorkville, over which most of the bridges came to the area to patronize the landfill.

Abel put no money into the operation of the project, Dr. Lee said, with the understanding that he would receive a \$150 weekly salary for operating the landfill, and would receive a one-third share of the investment.

The agreement provided that after deducting one-third of the equipment cost, or \$26,666, after Maeras paid to partners, \$5968 in payments to partners and \$2000 in rent.

The Mal landfill began operation in October 1967 under a lease granted by Madison to Abel and Miller on 8.1 acres of land.

Madison Aldermen Propose End to Caucus Sessions.

Closed caucus sessions held by Madison city council members just prior to scheduled meetings will no longer be conducted, according to a resolution announced Tuesday by seven of Madison's eight present aldermen.

Richard Kismar, spokesman for the group, said the action was taken at the suggestion of Mike Sasyk, candidate for mayor who has been doing away with the organizational dues that are being assessed at all city employees. He informed me that he will make this motion at the next regularly scheduled Madison City Organization meeting Monday (tonight)."

The latter reference concerned a move made Friday by acting mayor Ray Kozielek to eliminate what he called a "lug" on city employees for campaign purposes. Kozielek said the practice has been going on for many years and that it costs employees "many thousands of dollars."

By eliminating the closed caucus, Madison residents will be assured that city business no longer will be subject to a secret meeting, Kismar added.

Kismar said that he and the other five aldermen who have joined in the agreement to do away with caucus sessions "will

no longer appear at the usual secret caucus meetings."

Those who have agreed to conduct all city business in open meetings, in addition to Kismar, are Mayor Ray Kozielek, Aldermen Hayes, Booker Walton, Don Reeves, Don Broyles, Stanley Krakowski and Mike Sikora, he reported.

At the same time, Kismar said that Sasyk "has informed me that he is fast of doing away with the organizational dues that are being assessed at all city employees. He informed me that he will make this motion at the next regularly scheduled Madison City Organization meeting Monday (tonight)."

## Many Failing to Seek Exemption

Residents must act to obtain auto and furniture exemptions or they will be included in the assessment total on which taxes are extended, County Treasurer John Maeras pointed out today. Once rates are set, the taxes must be collected and there can be no waiver, he stressed.

Many Venice township personal property owners have failed to sign and turn in exemption forms, Maeras said, noting that Assessor John Bridgman is maintaining an office for this purpose each Saturday from 8:30 a.m. to noon at 401 Madison avenue.

## Train Across Road Hampers Gun Meet

The John N. Marshall Gun Club sponsored a NRA meet on Saturday and those participating were hampered in leaving the club grounds when an Illinois Terminal train blocked the only road entrance from 8 a.m. to 2:50 p.m.

With over 60 men competing in the pistol and trap shooting events, several were forced to leave their cars on the grounds and call for transportation to get to work on time.

The first event was scheduled for 8 a.m. therefore most of the participants arrived prior to the train crossing the entrance.

Robert Carroll, range officer and a Madison county official, deputy, said the delays resulted in the club losing several hundred dollars in revenue. He also stated he had talked with officials, who had left the train unattended, and had promised to move the train no later than noon.

Carroll said the club may seek damages from the railroad as a result of the inconvenience placed on the club and the competitors.

## Parked Car Hit

The auto of Philip Herz, 2538 Edwards street, parked in front of his home, was sideswiped by a hit-run driver, it was reported Saturday evening.

son received \$3377 from the lease agreement.

Free dumping privileges were estimated as being worth \$330 per month, or \$4200 for the year, making the city's overall earnings \$8577.

According to Abel, city officials admitted the 1976 fee had proved to be too high.

On Oct. 1, 1968, the Madison city council approved a new lease agreement covering a five-year period for which Nal landfill was to pay the city a total of \$24,000, payable at \$400 per month. The lease also provided an additional 24 acres of Madison-owned land for landfill use.

Abel said that in late February, Mike Sasyk got in touch with him and took him to the Sportsman's Club in Madison. Abel said Sasyk told him that the mayor (the late Mayor Maeras) wanted to see him.

## Met Mayor Maeras

"I met the mayor at the Sportsman's Club right after a meeting of the Madison Lions Club," Abel said. "Maeras told me that he wanted to get out of the landfill. But I told him I couldn't see why I should get out, that the landfill was just beginning to pay well."

"The mayor told me if I did not withdraw from the landfill he would cancel the landfill lease and close down the Chain of Rocks Bridge," Abel said. The bridge was the main traffic artery for trucks from St. Louis who make up a big part of the landfill business.

Abel said that under subsequent arrangements he received \$10,000 from Harbarger. But that was all I got, except the regular salary I made while I was the only one working there," he said.

Sasyk said he recalls taking Abel to the Sportsman's Club about the time that Abel mentions, but not in the manner that Abel implies.

"I had asked Leo to go to the Lions Club meeting at least a dozen times," Sasyk said, "and in this particular instance he accepted. I took him to the Sportsman's Club, but not with any forehand knowledge that the mayor (Maeras) wanted to talk to him, or that Abel wanted to see the mayor."

## Met at Meeting

"So far as I am concerned, they just met at the meeting, and if they talked about the landfill I was certainly unaware of it," Sasyk added.

Sasyk said that if "Abel is trying to imply that I took him there with the sole purpose of having a discussion with Mayor Maeras, then he is all wrong."

The landfill lease approved in October 1968 includes a section which caused Abel to believe that the lease under which the

## Stenberg Navy Guest On Pacific Fleet Tour

Gene H. Stenberg Sr., Granite City contractor, will take part in a May 14-22 orientation visit by U.S. Navy officials. The aircraft carrier will leave Alameda, Calif., at 8 a.m. Thursday.

That part of the agreement in question states that the original Abel and Miller agree that they will not assign, mortgage, encumber or transfer this lease, or sublet the said land, nor will lessees suffer any lien or encumbrance to be placed upon the leasehold interests hereby created, or any part thereof, without the written consent of the lessor had and obtained."

Since the conflict between Abel and Belloff, however, Abel has been furnished with photostat copies of a new lease arrangement which appears in the city council records of March 4, 1969. It contains the same terms that applied in the lease when it was held by Abel and Miller.

It was to search city hall records for a transaction on the lease that Abel went to the city hall last Friday, claiming the alteration in the promulgation of the lease.

Kozielek said collections have been made by a representative in each department, usually the department head, and the money turned over to the comptroller, Edward J. Miller, who acted as treasurer for the fund.

## 24,111 Summer Jobs under NYC To be Available

The Neighborhood Youth Corps will provide 1970 summer work opportunities for 24,111 boys and girls from poverty income families in Illinois, the U. S. Department of Labor announced today. A total of \$16,729,000 in federal funds will be available for the program in Illinois this summer.

Secretary of Labor George P. Shultz also announced that remedial education will be a significant feature of the summer NYC program this year for the first time. Enrollees who need help with their studies to encourage them to return to school in the fall may spend up to ten hours of each week's compensated time in educational programs.

The goal of the summer program is to provide earnings, work experience and supportive services to youths from impoverished families and to keep them in school. Counseling and guidance will stress continuation of education and career opportunities.

Labor Department guidelines for 1970 emphasize placing enrollees in jobs that will broaden experience and provide an introduction to possible skills and careers—not merely "make work" assignments.

Enrollees will receive a minimum of \$1.45 an hour, a 15 cent increase above last year's stipend. Regional Manpower administrators currently are preparing contracts with project operators, the Secretary said.

**EARL says...**

What should you do when the fish heads for weeds or stump areas? An easy answer is, "Put the power to him and stop him in his tracks." Fine if your tackle is capable of the job. A neat trick however, is to release all tension by opening the ball, pushing the button, or hitting the free-spool, depending on your gear, and the fish finding no pull in any one direction, very frequently will stop before going in that area.

What should be done when the fish heads under the boat? This usually causes excitement and confusion, and many fish are lost. In a small fishing boat or canoe you should stick your rod tip down into the water as the fish moves to the other side of the boat. The sunken rod tip will keep the line from fouling the prop and the bottle can be continued on the other side of the boat.

Still have some copies of over 60 free fishing lakes within a 50 mile radius of this area, complete with exact location, water acreage and facilities. Yours for the asking at EARL'S Super Discount Store.

**AT LEAST RIGHT SIDE UP.** Tri-City Speedway officials prepare to clear a damaged auto off the track. Tom Bach's car rolled several times in mid-air during the third heat race Friday, landing without front wheels and facing the wrong way on the one-way track. No one was injured.

**Spalding is Winner in Raceway Opener**

Tri-City Speedway's new season was properly christened by Wib Spalding opening night Friday. He earned first prize in the feature race, giving the Tri-City track a champion from the Tri-Cities.

Capitol Racing Association's full regular field of drivers was not here. Some had gone to qualify for the May 23 Little 500 at Anderson, Ind.

A limited number of cars started the evening, and the night brought an excessive casualty rate even though the track was not crowded with cars.

As the night wore on engines were blown, over anxious passing knocked off wheels, and there was a frightening collision which eliminated several cars.

The field of cars dwindled to such that several mechanics who earlier had decided to drop out of the competition and make repairs at the shop attempted frantic repairs in the pit area. They pasted their machines together when it appeared that just finishing meant placing for cash.

Only 11 cars ran in the feature, a more obvious gauge of the night's problems: only five cars were in the semi-feature.

Ten finished the feature; four finished the semi.

Bill Utz was the fastest qualifier completing the half mile in 23.80 seconds. Spalding was second fastest (24.06); Dick Sutcliffe third (24.43); Jay Lyle fourth (24.43); and Chuck Weyant, Indy 500 fame, fifth.

Lyle told officials after his first qualifying lap that his car was out for the night. Later he finished last and fourth in the semi-feature.

Sutcliffe won the four-car, normally five-car, trophy dash. Utz, Spalding and Weyant followed Sutcliffe to the checkered flag in order.

The first heat was postponed on the request of several mechanics. Spalding won the second heat followed by Jim Moughon and Duke DeRosa.

Sutcliffe won the first heat. The third heat's first turn was a disaster for Tom Bach in number 96. The lead cars slowed momentarily but abruptly.

Jim Patterson to avoid trouble swerved and flew over the outside guard rail. He left only a one inch dent in the steel guard rail. Patterson's car landed right side up and he was not hurt. His auto wasn't totalled but

even the best crew wouldn't attempt to make it roll again with pit repairs.

Tom Bach wasn't so lucky. He couldn't turn away but he went over the pending accident. His auto did a barrel roll atop the cages of the lead cars and flopped to the track with much of the front end—wheels and all—separating. No one was injured.

After clearing the track, Utz won the third heat. Weyant won the semi; Dick Strandridge was second.

Utz and Spalding led the pack as the feature race green flag dropped. The race progressed with Spalding and Utz trailed by Sutcliffe passing several limping autos. On the 11th lap Strandridge lost a front wheel on the far turn sending up the yellow flag for drivers to hold their positions.

After the delay, the feature began again with Sutcliffe on Utz's bumper and Utz on Spalding's bumper. They kept their positions to the races end.

The delay did help Flee Atchison catch and pass Weyant. Atchison was fourth; Weyant, fifth.

**Trojan Nine  
Loses to Triad**

The Trojans bowed at Triad's diamond 11-2 Friday. Jake Harmon took the pitching loss.

MHS Coach Larry Burns is expected to start Courney Prothro on mound against Collinsville in the opening round of the Edwardsville district play Tuesday. The winner will meet the Granite City-Edwardsville Monday victor for the district title Wednesday.

Harmon allowed six runs on seven hits going three innings. He fanned three and walked three. Phil Davis relieved going five runs on five hits, walking three and whiffing one.

Mark Wells led off the batting for MHS in the second frame for a single. Charles Pogorelac hit and Dave Ueberich drove Wells home with a single.

In the seventh Davis walked and advanced to second on a passed ball. Pogorelac grounded to Davis to third. Davis scored on a wild pitch.

**All Sports Award Lead  
Now in Maroons' Hands**

Granite City high has been leading Belleville West by 30 points in the race for the Southwestern Conference All-Sports award. But with the results of the league golf championships the Maroons have a 1 1/2-point lead.

The Maroons can start dusting off a spoon if their trophy comes for the award; but statistical logic doesn't win the award, and the Warriors aren't dead yet.

Hopes of schools other than Granite City and Belleville are dead. Computing the maximum and minimum points, each school can possibly still tally, several could place second but only Granite City can stop the Maroons' from taking All-Sports honors.

Without the final standings of tennis, baseball and track, the All-Sports points race looks like a four-way race. But it isn't. As of now including the golf results of Belleville West first, Edwardsville second, Alton third, GCHS fourth, etc., the All-Sports totals are: Belleville West 27 1/2, Granite City 26, Alton 22, Edwardsville 19, East St. Louis 16 1/2, Collinsville 16 and Wood River 11.

The Maroons have clinched at least a place of both the tennis and baseball championships. They are assured of collecting at least 6 1/2 points or perhaps seven points in each sport.

If Granite City tennismen win the last league meet of the season at Edwardsville Wednesday, the best Alton can finish net-wise is third and Edwardsville, fourth.

Top ranking teams in the all-sports race would then stand: Belleville West 34, GCHS 32 1/2, Alton 27 and Edwardsville 23.

Granite City baseballers could finish in as well as a two-way tie for second and as poorly as fourth. How high the diamond Warriors finish will depend upon a yet to be rescheduled rain-out loop meeting with Edwardsville. Alton is capable of dividing second place three ways.

The top part of the loop's baseball standings presently stands years as (12 games to complete the schedule): Belleville West 9-3, Edwardsville 8-3, Granite City 7-4 and Alton 6-4.

If the best for Granite City results in the final baseball standings the All-Sports standings will be (excluding only SIU-SW):

Belleville West 41 and GCHS 38.

To demonstrate that Alton is out of the race: The lowest points Belleville could possibly have even with finishing dead last in track is 40 1/2; if Alton collects its maximum five in baseball and wins track with seven points then, the Red Birds will total 30 points. A similar computation for Edwardsville, including winning conference track, would give the Tigers 36 1/2.

With minimums and maximums of All-Sports points potential left undetailed for only track, math can no longer be used and only speculation remains.

Track and field final standings do not depend on compiled tennis, baseball and track. A school places will depend on Saturday's Southwestern conference championships at East St. Louis.

**Bohnenstiehl  
Paces Cougar  
Track Victory**

John Bohnenstiehl of Granite City paced the Cougars to a quadrangular track victory at Jacksonville, Ill., Thursday.

SIU-SW totaled 88 1/2 team points, Iowa Wesleyan 74, Illinois College 58 and Murray State of Kentucky 38 1/2.

On Wednesday, Coach Jack Woychik's Cougars were slated for a dual meet at Greenville College. The first session of SIU-SW track and field will jump with a 6-0 leap and the 440 dash in 52.8 seconds.

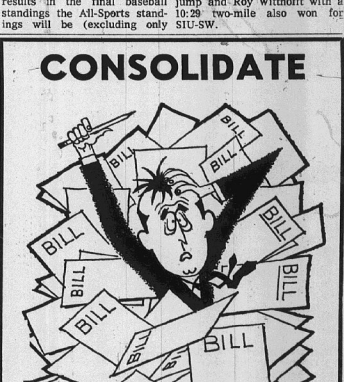

The most consistent winners of the season, the 440 relayers, won in less than three best time.

Bohnenstiehl anchored the relay, laying the baton pass from Jim Lynn, Charles Vandergriffe and Ken Aleperka took the early legs. They clocked a 45.9.

Bohnenstiehl's performance placed fourth in the half-mile run. GCHS graduate Gus Schalkham took third in the two-mile.

Earl McDowell with 23-3 long jump and Roy Witthoft with a 10-2 two-mile also won for SIU-SW.

## Track Warriors 2nd In 39-Team District

Granite City upset all but defending state champion Alton, earning second among the 39 schools at the track and field district tournament in Alton Saturday, Madison tied for sixth.

Six Warriors and two Trojans won berths to the state championships May 22-23. Ken Elliff and Jim McDuffy took first and second respectively, in the half mile, running for a new GCHS record. Elliff was clocked in 1:57 and McDuffy in 1:57.3.

Dan Burris reset another school record while winning the two-mile run in 9:37.5. Smith Leaps 6-5. Don Smith tied for the highest jump of the meet and broke his own GCHS record with a 6-5 leap. He was given second place on the basis of the number of attempts.

Warrior Mike Allen qualified for state for the low and high hurdles. He set a new meet mark, winning the low hurdle, 20 inches, in 1:12. Allen was second in the high hurdles behind East St. Louis' Ken Reeves. The high hurdles finals were run twice because of a mistake by the ground crew earned no points.

## GC Ties for District Tennis Championship

Granite City netmen tied for the GC district championship with Alton, led by the champion doubles pair of Mike Loftus and Mike Gaines, here Friday and Saturday. The GCIS duo dropped the first set 6-1 and was down 5-2 in the second set but swept five straight games to take it 7-5. The deciding set was equally worrisome. ## 11-in-Row GCHS Nine In District

Today at Edwardsville the baseball Warriors meet the toughest foe available in this week's district meet and perhaps the toughest in subsequent tournaments, GCHS faces the hosts today, with Madison meeting Collinsville tomorrow.

Survivors will clash Wednesday for the district title, won last year by GCHS 3-0 over Edwardsville, the Warriors later lost the sectional crown to Alton.

The momentum is all that could be desired. With Ed Hagnauer throwing a three-hitter here Friday, GCHS topped Staunton 5-2 for its eleventh consecutive win. Hagnauer is 6-0.

Striking out eight and walking four, Hagnauer yielded to Jeff Boyles to pitch the game's last out. Staunton did its only scoring in the final frame.

Dave Evans (.380) powered a solo homer in the third and started both of his team's other scoring innings with hits. In the first, he singled, Jim Greenwald (.361) doubled and Gary Stitt (.310) and Jerry Monahan walked. Evans and Greenwald scored on wild pitches.

Catcher Evans singled in the fifth. Stitt walked. Monahan grounded into a fielder's choice and Dan DeRuntz socked a two-run single.

Looking ahead, the Edwardsville district champ will meet the Cahokia winner at the Wood River meet May 18-20. Cahokia district pairings are Dupo vs. Columbia and East St. Louis vs. the hosts.

GCHS has a sharp 20-6 record, one of the losses being to Edwardsville during a three-game slump with a different lineup than the 11-straight-win combination. The Tigers prevailed 1-0 on an unearned run.

Duynne Parrish lost to Thompson in the quarterfinals 6-3, 6-4. Greenwald has hit four triples and he and Stitt and Don Harris (.350) have five doubles apiece. Greenwald has 15 RBIs and Evans 16; Harris has 30 hits and 20 runs. Monahan 12 stolen bases and Stitt 12 walks. Gary Willis is hitting .350.
